

## **IMDTRF Grant Research Awards: Up to \$50,000 USD**

The Board of Directors of the International MDT Research Foundation (IMDTRF) would like to invite you to apply for a grant from the Foundation.

IMDTRF is calling for quality research applications examining the benefits and limitations of the Mechanical Diagnosis and Therapy (MDT) system as it relates to rehabilitation.

To date we have invested over US \$280,000 in research projects.

We have funded 40% of the applications submitted.

### **Grant application timelines:**

#### **Step 1: Research screening:**

The PI must submit a Letter of Intent to [info@imdtrf.org](mailto:info@imdtrf.org) by **April 1<sup>st</sup> 2024**.

Please refer to the Primary Grant Program Details to include all required sections of the Letter of Intent outlined on IMDTRF's website [www.imdtrf.org](http://www.imdtrf.org).

After review by the IMDTRF Board of Directors, the PI will receive notification of a decision to accept or reject by **May 1<sup>st</sup>**.

#### **Step 2. Research application:**

If the project is accepted, the PI would subsequently complete and submit the Primary Grant Research Application by **July 1<sup>st</sup>** found on the Foundation's website: [www.imdtrf.org](http://www.imdtrf.org).

#### **Step 3: Funding decision:**

All research applications will undergo a rigorous peer review process. The PI will be notified of IMDTRF final funding decision in December 2024.

To learn more about IMDTRF grant opportunities and required criteria to submit a grant application, please review the grant Program Details found on our website or contact us at [info@imdtrf.org](mailto:info@imdtrf.org).
